Personal Statement

As a dedicated 3D Modeler, 2D Drafter & Web Developer, I possess a unique blend of technical expertise and creative problem-solving skills. With a strong foundation in architectural and engineering design, I have honed my abilities in producing precise and detailed drawings using AutoCAD, ensuring that every project meets the highest standards of accuracy and functionality. My experience includes collaborating with architects and engineers to translate concepts into comprehensive plans, which has sharpened my attention to detail and understanding of design principles.

- In addition to my drafting skills, I am proficient in web development, with a solid grasp of HTML, CSS, and JavaScript.
- My goal is to leverage my dual expertise in AutoCAD drafting and web development to contribute to innovative projects that bridge the gap between design and technology.
